DEDICATION

The outstanding qualities of this man himself are what make him so loved by his students, his fellow faculty members, and everyone who meets him. His keen sense of humor, his gentle manner, and his desire to teach will keep him forever alive in the hearts of all who have been privileged to know him. In the year of his retirement, we, the 1960 Cyclops staff, wish to dedicate this annual to

MR. J. D. ANTHONY.

Varsity

The 1958-59 North Georgia College Varsity baseball team enjoyed an over-all record of thirteen wins and eight losses. This record won them third place in the G. I. A. C.

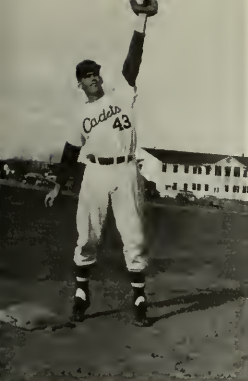

By graduation, the team lost Jerido Ward, pitcher; John Cavender, catcher; and Larry Coleman, catcher. Ward, among those graduating, was the Most Valuable Player, and his excellent work on the mound will certainly be missed in the opening season. We will also miss him at the plate!

The 1959-60 team is expected to be even better, relying on the efforts of many veteran players as well as new ones. The coming season should be one of the best North Georgia has seen in several years.

BASEBALL

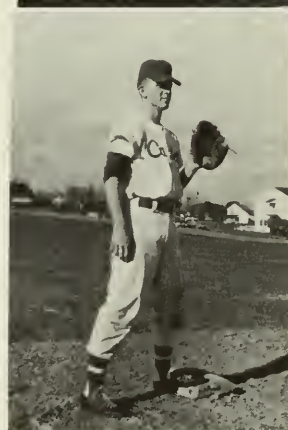

The CADETS meet a variety of teams, both from out of state and all over Georgia. They play Erskin College, Western Carolina, Mercer University, Valdosta State College, Berry College and our old rival, Piedmont College.

Everyone on the campus is proud of the CADET baseball team. They are a fine group of boys doing an excellent job. The students are also especially proud of the new baseball diamond which the team will be playing on for the first time this year. Along with our new gymnasium, we will have one of the finest baseball diamonds in the South. With such material and such facilities we expect much from the CADETS.

Cheerleaders

The cheerleaders of North Georgia College are present at the basketball games to cheer the team on to victory.

These girls are chosen by the faculty, the present cheerleaders, and some of the members of the student body. They are judged on the basis of poise, personality, and ability.

The student body is pleased by their performance and proud of the qualities they represent.

Varsity cheerleaders are; Barbara Knight, Linda Appling, Judy Fowler, Margie Gunn, Judy Colvin, Nancy Phillips, Sidney Burrell, and Margaret Kennedy.

VARSITY BASKETBALL

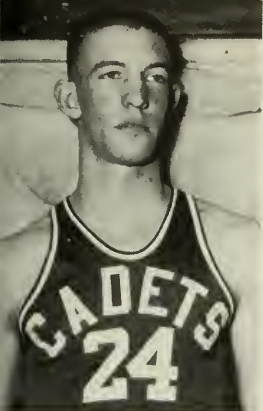

The 1960 Basketball team has displayed tremendous spirit and fight under the direction of Coach Rufus Hackney.

Spencer "Curly," Boyd, who sets an outstanding example, is fifth leading scorer in the N.A.I.A. In the game with West Georgia, Curly scored 44 points.

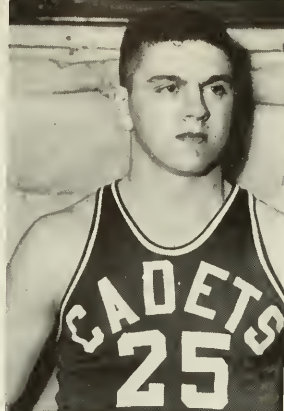

The team for next year promises to be a good one; such Freshmen as Jackie Ragsdale, Cecil Chewning, Bobby Cook, Robin Miller, Mike Clark, and Paul Eberhardt appear to have the qualifications for outstanding basketball players.

First row: Adams, Miller, Ragsdale, Tippens, Holcomb, Edwards, Boyd, Holley, Cook. *Second row:* Coach Hackney, Anderson, Eberhardt, Chewning, Carter, Grindle, Brown, Thornton, Clark.

Varsity Tennis Team

The 1959 North Georgia Tennis Team won the G.I.A.C. trophy. For that reason we are looking forward to an excellent season this year. Returning will be the number one man on the team, Weyman Tison, unbeaten in match play. Also returning are Jack Tippens, unbeaten in singles play, and his brother Paul, unbeaten in doubles play. Last year the Tippens brothers made their opponents appear to be novices. Their teamwork and coordination are the result of long hours of practice.

Though the team lost Quigley, Bard, and Akin, there are still two very prominent and promising players left. Furcron and Thornton will compensate the loss.

Varsity members are chosen from an everchanging challenge board. The play is ladder challenge play, meaning that one begins at the bottom and by challenging may work his way to the top.

Paul Tippens makes a nice return. The Tippens twosome, Jack and Paul, make North Georgia a formidable opponent.

Rifle Teams

First row: Garrett, Surls, Brown, Wilson, Williams. *Second row:* Wilkins, Skelton, Johnston, Armstrong, Marchesseau, Moelchert, Blackwell, Carlile, Capt. Levitt.

Girls'

The Girls' Rifle Team is composed of those girls who are willing to put forth time and effort for the sake of inter-collegiate competition. Any girl, whether or not she has had experience, is eligible to compete for a position on the team.

During the year many postal matches are entered against colleges and universities all over the United States. Points are earned according to scores in the matches fired. At the end of the year each girl's total is made out and she receives a medal or college jacket according to her standing as compared with that of the other team members.

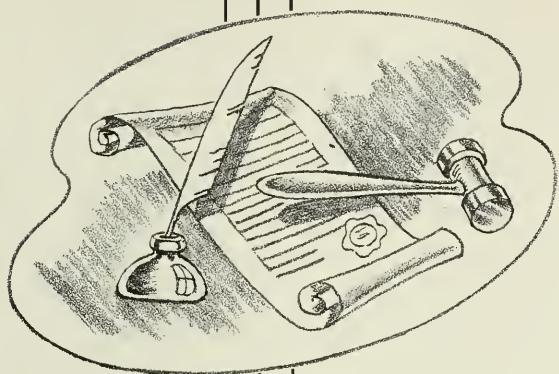

Boys'

The Boys' Rifle Team, led by Cadet Captain Ed Skelton, Jr., has defeated some of the nation's finest teams. The team has been completely equipped with the most modern shooting aids and to improve the atmosphere in which they shoot, the rifle range at North Georgia College has been completely remodeled and equipped.

In the annual William Randolph Hearst Trophy Match the team placed third in the Third Army area with Cadet Captain Skelton taking the individual Army area championship. Cadet Captain Skelton's score was the same as the national individual winner, but the tie was broken by the application of the NRA tied score rules.

First row: Jarrell, Casey, Busby, West, Feuchter. *Second row:* Huther, Couch, Coons, Burnette, Smith, Stephens, Driver.

1960 CYCLOPS

The 1960 Annual Staff has tried to present to the students a book which is new, different and appealing. For the first time, we have set forth campus life "as it is."

The many hours of planning and hard work that have gone into the production of this book will remain unknown to the majority of students, but the staff members will remember it as an unforgettable and rewarding experience. We have struggled together to produce what we hope will please the students and faculty. We hope it will be a foundation for better books in the future.

As you look through your 1960 Cyclops, we hope you will see the things typical of your life on this campus — hard work, relaxation, and education. Each picture will represent some phase of your daily life. Every scene is typical of what we see each day, but of which we take little notice. As the years pass, we will see these scenes again in our mind's eye. We have tried to transcend time, select the images which will remain most vivid, and print them for future memories.

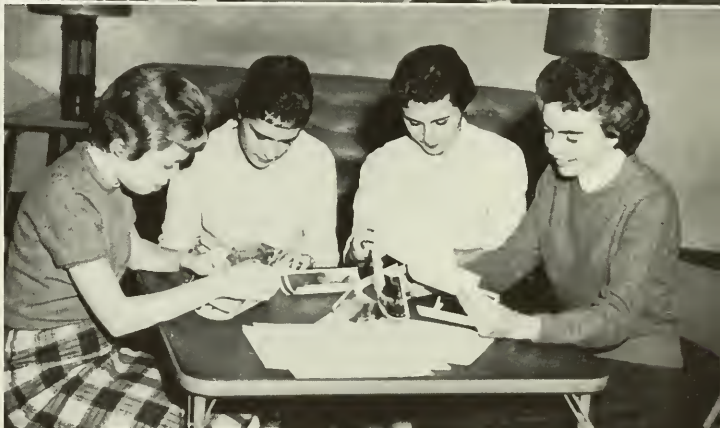

Time will move on. There will be many memories we wish to recall. It is our sincere wish that the 1960 Cyclops will be able to bring those youthful years back into focus!

CADET BUGLER

The CADET BUGLER'S hardworking staff keeps the student body, the faculty, and the alumni informed on the every day life here at North Georgia College.

The sports, clubs, military, and literary aspects of college life are reflected with as much human interest as possible to provide an interesting and informative picture of the present, past, and future of our school.

The CADET BUGLER is a quarterly magazine, which is written entirely by a student staff. The writers are benefited by experience, while the student body as a whole has an appealing supplement from their everyday work.

Officers' Club

The Officers' Club is an organization which furnishes support for both the students and college in the form of recreation, aid, and leadership.

The Officers' Club sponsors the two largest formal dances at North Georgia College each year—the Sweetheart Ball during fall quarter, and the Military Ball at the close of spring quarter. Each quarter two movies are sponsored by this club. The money obtained from these movies is used for further entertainment and activities for the school as a whole. Banquets are planned each year for the officers and their dates. The purpose of the banquets is to familiarize the cadet officer with his future social activities in the United States Army.

This organization provides a basis of experience into the military form of life they will probably follow. An important aim is to aid in preparing the Junior Class cadets for "Summer Camp" at Fort Benning. The Club also sponsors a dance for the Junior Class members while at Fort Benning.

This group publishes an address booklet each year with all students of N.G.C. listed in it. This book has proven to be of great value to each cadet and coed.

The Officers' Club provides a means by which all officers can have a voice in the operation in the corps and student body. It sets an example for the remainder of the cadets.

Non-Commissioned Officers' Club

The North Georgia College N.C.O. Club is concerned with being a vital and important supplement to military training, both for the present and for the future. Its activities include the reviewing of the branches of the Army, the study of tactics as they are practically applied, the use of actual communications as used in the field. The Club also seeks to provide a balanced round of social activities, not only for enjoyment, but also for understanding of the customs and practices of the Army. Practical work, like day

and night field problems, firing on the range, observing at the Army Ranger Camp, and a general review of military science enable the individual cadet to put on a much better performance at Summer Camp, which in turn fulfills the ultimate objective of producing able and capable leaders. North Georgia daily feels the influence of the N.C.O. Club as its individual members exert their respective leadership abilities.

Rex Fraternity

Rex Fraternity was founded in 1917 by a group of cadets who were interested in forming a social group but were not desirous of joining a national fraternity. In 1933 national fraternities were banned from the campus. Sigma Nu, then active on the campus, was disbanded and the members of this formed REX.

The original motto is "The wreath is for those who contend." The flower is the tuberose, and the colors are red, white, and black. The present Alpha Chapter of REX is the oldest social group on the campus. The men of REX are proud of their fraternity and are always working together to keep the fraternity progressive in the future.

Sigma Theta Fraternity

The history of the Sigma Theta Fraternity at N.G.C. started in 1934, but the origin of the Fraternity dates back further.

At the old Georgia State College for Men in Tifton, there was an honorary leadership organization called the Sigma Club. Members were selected for their leadership in campus activities as well as for scholarship. An organization such as this could not hope to compete with social fraternities for a

large membership, so the Sigma Club split into two parts. The national fraternities had lost their charter at N.G.C. because the college had become too small. The old Sigma Omega members on the faculty organized the Sigma Theta, patterned after the Sigma Omega and Sigma Clubs.

Mr. Belcher and Mr. Booth, members of our faculty, are both former members of the Sigma Club and organizers of the present Sigma Theta Fraternity.

Business Administration Club

The Business Administration Club is to help the business administration students by bringing them together to discuss problems of mutual concern. The meetings also give the club members a view into all phases of business by presenting speakers from large concerns all over Georgia. These representatives talk with the members about the different

problems they have encountered or might encounter in their future jobs.

This organization, being one of the largest on the N.G.C. campus, shows its interests in many ways. They provide a used uniform exchange for the benefit of the Cadets.

Home Economics Club

The Home Economics Club strives to inform the home economics students of the opportunities for service to the home, family, and nation through art and science. It provides an opportunity for fellowship among students on the campus as well as promotes professional attitudes and interests. The club also seeks to improve education for the profession of home economics, develop leadership ability, and share with others the value of the profession.

The Home Economics Club serves the school in many ways. The members made the refreshments for the president's reception. They also make punch and cookies for company parties. At Christmas time a reception is presented to exhibit projects done by the home furnishings class, cooking class, and Home Economics Club to acquaint outsiders with the Home Economics Department at North Georgia College. Near the end of spring quarter a tea is given in honor of the seniors.

Dramatics Club

The Dramatic Club has one of the biggest club memberships on campus. It provides many opportunities for beneficial student activities and is a great service to the North Georgia College campus.

The club puts on one performance each quarter in the form of three one-act plays or a full-length play. Also the club is responsible for many of our fine chapel programs.

Nu Gamma

Membership in Nu Gamma is the highest scholastic honor that can come to a student at North Georgia College.

Seniors become eligible for membership at the end of their first quarter provided they have maintained a grade ratio of at least 2.45 and rank not lower than the highest 10 per cent of their class in scholarship.

Juniors in the final quarter of their Junior year are eligible provided they have maintained a grade ration of 2.7.

This society was founded at North Georgia College in 1955 and, though local, is expected in time to affiliate with a national honorary society.

Phi Alpha Theta

Phi Alpha Theta, the National Honor Society in History, was founded in 1921 at the University of Arkansas. Today the Society has approximately 180 chapters located at the major universities and colleges throughout the United States, Puerto Rico, and the Philippine Islands. The purpose of the Society is to encourage and recognize historical scholarship. Both faculty members and students are eligible for membership if they meet the academic requirements.

The Zeta-Phi Chapter of the Phi Alpha Theta was installed at North Georgia College on December 5, 1958. Dr. Lothar L. Tresp, a member of Epsilon-Phi Chapter at the University of Georgia, was the Installing Officer, assisted by three other members of the Epsilon-Pi Chapter.

Chemistry Club

The Chemistry Club is a professional organization composed of professional chemistry majors. The objectives of the organization are the following: to provide programs of general interest on subjects which are not covered in class, and to provide social entertainment for students of similar academic interest.

During the period of one year the club sponsors at least one major field trip and one program dealing with the importance of chemistry in modern warfare.

The club is capably supervised by Dr. Simms and Professor Belcher.

Biology Club

In fall quarter of 1939, a group of students applied for permission to organize a Science Club. This matter was referred to a committee headed by Dr. Forester, who became its faculty adviser. In 1940 the Science Club was officially founded. In 1959, the name was changed to the Biology Club.

Provision in the constitution provides for members and associate members. Members are those majoring in biology and the pre-professional studies such as medicine, dentistry, medical technology, nursing, pharmacy, and veterinary medicine. Associate members are those who are taking one or two terminal courses in the field of biology.

Radio Club

The Radio Club was organized during the Second World War. At first the club operated under the call of W4KGD, and later, in 1949 the club call of W4PYM was obtained. The first contact using the new call was a station on Guam Island. The first radio room was in the tower of Price Memorial Building and the present one is in the Science Building. They also have a shack on Radar Ridge, which is used for field trips, experimentation in VHF work, and for training in emergency work. The club has generators which can furnish power in case of power failure, and also eating and sleeping facilities.

The club is primarily for hams, but is also open to anyone wishing to become a ham radio operator. The club has transmitting and receiving equipment to cover all the most used amateur bands and is capable of communicating with other stations in any part of the world

Physics Club

The Physics Club was organized to promote interest in science. The club has a very active program throughout the year. In addition to occasional guest lecturers, the club sponsors trips to various scientific installations in an effort to show physical principles being applied, and in turn, the

members of this club apply this experience to the subject which they are studying. This year trips were made to the Lockheed plant at Dawsonville, and to Tullahoma, Tennessee.

Glee Club

The Glee Club is one of the most active organizations on the campus of North Georgia College. There are many trips scheduled to churches in the surrounding area during the winter quarter.

Most of the music done by the Glee Club is sacred, but occasionally a secular program is prepared to be sung for various civic organizations.

One of the most enjoyable parts of the Glee Club trips is the wonderful food prepared by the hosts in return for the program. The Glee Club truly "sings for its supper."

Dance Orchestra

The combo was formed in the winter quarter of 1959. Since its beginning, the Crescents have performed at various social functions, including company parties, club dances, fraternity parties, and several off-campus activities.

This well-known group plays jazz, rock 'n' roll, and standard songs. On various occasions, they feature both instrumentals and vocalists. The combo is an organization that adds much life and color to N.G.C. campus activities.

Jack Wheeler, piano; Lynn Robinson, sax; W. D. Wilford, sax; John Melcher, drums; Andy Hook, guitar.

Richard Helmbold, Rudolf Butler, Penny Lunsford, Carol McCuller, Dr. Roberts, Hurley Daughtrey.

Forensic Senate

The Forensic Senate is the debate club on the North Georgia College campus. It holds debates with other members of various colleges and universities. Through this club hidden talent for debate has been discovered among the cadets and co-eds on campus. N.G.C. students find it educational as well as enjoyable.

Education Club

Membership in the John C. Sirmons chapter of the Student-National Education Association is open to students whose chief vocational interest is teaching. Professional and social activities are sponsored in an effort to promote growth of individual members.

Some of the annual events include the state convention in Atlanta, a Christmas Party for the faculty children, and the annual banquet in the spring. These are a few of the activities of the future teachers during the year.

BSU

The Baptist Student Union is a distinctive student program promoted by the Southern Baptist Convention for Baptist students in colleges and universities. It is student-led, church-related and Christ centered.

The Baptist Student Union serves as a link or tie between the Baptist students and the local church in the college town. It is the church at work reaching out to students. The B.S.U. correlates and directs all Baptist student religious activities on the campus. All organizations of the church which serve young people — Sunday School, Young Woman's Auxiliary, Brotherhood, and Training Union — are included in the B.S.U. The Ideal of the B.S.U. is to assure students of a living, growing relationship with Christ through a local Baptist church.

Wesley Foundation

Wesley Foundation is a Methodist sponsored organization which provides fun, food, and fellowship. It serves as a church-home away from home. Members of Wesley Foundation never have a dull moment for they have parties, retreats at various tourist sites, and suppers every Sunday night. These suppers are planned and prepared by members of the college set.

Interesting programs are always on hand at which renowned speakers from all parts of Georgia visit and share their many experiences of Christian life with the members.

Beautiful Camp Glisson, only five miles from Dahlonega, is the site of many activities for Wesley Foundation, especially in the springtime when the cool mountain stream invites the students "to come on in, the water's fine!"

Westminster Fellowship

The Westminster Fellowship is an organization for the Presbyterian students on the campus at North Georgia College. The name is derived from the Westminster Assembly of 1643 to 1649. This assembly established certain principles of faith now accepted as authoritative by Presbyterian churches everywhere.

Westminster Fellowship provides for spiritual fellowship, food, and fun every Sunday night for its members. Students prepare the suppers and programs each week.

YMCA-YWCA

Fun and fellowship have been the keynotes of the Y.M.C.A. and Y.W.C.A. for many years at North Georgia College. Jointly sponsored by both organizations, the weekly meetings have never failed to draw an enthusiastic group.

Throughout the year the Y.M.C.A. and the Y.W.C.A. sponsor socials, panel discussions, a talent show, and many prominent and interesting guest speakers. It has become an integral part of our life at N.G.C.

Physical Education Club

The Physical Education Club is made up of Physical Education majors. This club sponsors "Get-Acquainted" dances for the Freshmen at the beginning of the year. It also provides recreational equipment for the company socials. The "P.E." Club is known by all! The Lettermen's Club is one of the most active organizations of the North Georgia College Campus. The foundation of the club is based on the principles of developing good, clean sportsmanship. The purpose of the club is to develop character and create interest in all phases of intracollegiate and intramural athletics. The members of this club are those who have earned a North Georgia Letter.

REC Council

First row: Pat Casey, Pat Cannon, Sally Foster, Susan Archer, Susie Coons, Wanda West. Second row: Linda Appling, Sharlene Griffin, Jackie Lee, Glenda Selman, Arsula Thomas.

The Rec Club is composed of four teams who compete in various sports such as volleyball, basketball, and softball. Not only are the members given an opportunity to develop their skill as a team, but also they are given an equal opportunity in individual competitive sports.

Points are awarded to each team according to the number of individual and team sports won by that team. The goal of each team is to secure the most points and, by doing so,

obtain the trophy presented annually. However, the trophy is not the only award given, for girls who participate in a variety of individual and team sports may also receive emblems and sweaters.

Although the Rec Club centers its interest on sports, it also sponsors the Spring Formal and the annual "sleep-out" at Pine Valley.

The purpose of the Blue Ridge Rifles is to demonstrate to the public the military proficiency of the corps of cadets of North Georgia College and to gain further recognition of this institution. This precision drill unit is our principal source of representation and publicity of the corps of cadets.

The name Blue Ridge Rifles was taken from a group of volunteers from the Dahlonega area which was formed during the War Between the States. These men organized to defend their homes.

Qualification for membership is the desire to become an affiliate of an elite, precision drilled organization. This desire must be reinforced by the qualities of outstanding traits of leadership, and exceptional attitude and personal appearance. Also each member must maintain an academic average of "C" or better.

In the past this unit has performed in parades having an excess of 50,000 spectators, as well as special performances for visiting military dignitaries.

The North Georgia College Brigade Band is one of the oldest organizations on the campus. Since its beginning many years ago, the Brigade Band has been housed in the Band House, the oldest dormitory on campus. The Band, with around sixty-five members, is under the direction of Mr. Desmond Booth. Band Company has the task of drilling with instruments as well as rifles, which makes it the most versatile company at N. G. C. The company also competes equally with the other companies in such events as inspections, progress tests, and intramural sports.

The Band has achieved recognition by participation in various activities. Some of these are the annual Graduation Ceremonies, the local annual Gold Rush Day parade, the annual Rose Parade in Thomasville, Georgia, the Masters Golf Tournament Parade in Augusta, Georgia, as well as all the parades and reviews of the North Georgia Corps of Cadets.

Scabbard & Blade

Seated left to right: Bibb, Darden, Pope, Thornton, Baggett, Sills, Morgan, Reece, Waldrop, Leverette, Hodges. *Standing:* Melcher, Hardy, Skinner, Daniel, Harrison, Pirkle, Driver, Floyd, Ponder.

OFFICERS: Sills, Pres.; Baggett, V.P.; Daniel, Sec.; Mitchell, Treas.

Scabbard and Blade is a national military honor society with local chapters called companies, located in 131 leading colleges and universities which have Reserve Officer Training Programs. Here at North Georgia we have Company "I" of the 12th Regiment.

This is an elite organization made up of selected seniors whose desire and purpose is to supplement the training program of the Military Department in order that the underclassmen be better prepared to meet the requirements set forth at summer field training at Fort Benning each year.

The Letter "A" usually means "first" both in the alphabet and here at North Georgia College. The gleaming array of trophies encased in Gailard Hall attest to the latter. From the beginning of the school year to the end, from the first year to the fourth, every cadet in Alpha is aware that teamwork and cooperation secure more regard than individual attempt. Thus have the officers and men of Company "A" worked and played in everything from Federal Inspection (in which there is little play) to football (in which there

"If I die in a combat zone, honey" . . . "A" Company drills.

is a lot of work and play), instilling a sense of duty, cooperation, fellowship, and honor in every cadet. North Georgia can be justly proud of her "Red Raiders" who have always attempted to further the traditions of the college. The men which make up "Alpha" Company are justly proud of this organization, as one can readily tell from their spirit and attitude.

To the men who are a part of Company Bravo, it represents the greatest organ of teamwork and spirit to be found on the North Georgia College campus. We, who individually make up small integral parts of this unit, feel that our college life has been enhanced and made more pleasant by each other's presence and co-operation.

Bravo's record thus far in 1960 is as usual, excellent. We have pushed toward that goal, which every one knows is "Honor Company." Although we're not in any position to predict the remainder of the academic and military year, we know that whether Bravo ends up in first or seventh place, we will have worked hard together in unity.

So, with the balance of the year still ahead, Company Bravo proudly, yet humbly, claims the place in our college life that we feel it deserves.

When someone mentions socials, everyone naturally thinks of the lively dances held by Charlie at the "Country Club on the Hill." You can't beat the combination of the excellent atmosphere, the fabulous music, and the general "At Ease" feeling one gets when he enters the always beautifully decorated lobby. The popular "Blue Room" is indeed the top attraction at all our socials.

The Big Charlie is definitely on the way up. We have the men, the spirit, and the leaders to be the "company to beat" in the 1960 Honor Company Race. We believe that determination always is the keynote of success in any endeavor. The Big C *has* determination. This feeling will always hold forth supreme in our minds.

Let's compare! It's easier that way!

He's got the technique!

Flight Training

Capt. Levitt, Benney Parker, Harold Darden, Mike Brackett, Jerry Pirkle, Hank Hurst, Pat Daniel, Rex Hand.

This is the second class to be in the R.O.T.C. flight program at North Georgia College. This group of elite Cadets were selected on a basis of flight aptitude and physical fitness.

This program consists of thirty-six and one-half hours of flight time and thirty-five hours of ground school. Successful completion of the program results in recommendation for further training as a military pilot by the Federal Aviation Administration and subsequent qualification for further flight training at the Army Aviation center, Fort Rucker, Alabama. Cadets may also earn their Private Pilot's license upon the successful completion of this course.

All cadets active in this program were selected on the basis of flight aptitude tests, U. S. Army Aviation Physical Examination, and academic standing.

The hours spent in preparation and study as well as actual flying time take a lot out of a cadet, but the final result is well-worth the time and effort. The prestige of those silver wings means a lot!

These flight cadets are truly honored to have such an opportunity and appreciate the hard work of Captain D. M. Levitt in promoting such a worthwhile program.

In Delta Company, the orders of the day are passed through the chain of command all the way down to the riflemen in the squad. Each person has a particular job assigned to do. One must live among the men of "D" Company for a while before one can appreciate the calm atmosphere and the lively clockwork of the inside of this mighty machine. There are few harsh words ever spoken, few feelings of remorse and vengeance, and a very small percentage of Delta men are required to attend the Commandant's tea parties on his triangle.

The men of "D" Company are fighters, sportsmen, and well-rounded individuals. This is not all: the Black Dragoons will always have a soft spot in their hearts for the young ladies. Several times during the quarter the "boppers" and the "waltzers" get together and have a convention in the Barracks Day Room. Delta Company are relaxing, leaving the strain of work behind, clearing their minds of the 22-5. But the fun is too soon over, and the routine duties are reluctantly resumed.

Echo, the "Green Wave" that unfurls its pride, ambition and integrity to a campus of open eyes, exemplifies the teamwork from within that is typical of the N. G. C. cadet corps.

This teamwork is demonstrated daily through its accomplishments on a way to a goal: Honor Company! Echo won more football games in one season than any "Green Wave" team had won in the previous three put together. This same group of men put their heads together and came up with the highest scholastic average in the corps.

In reflection of their cooperation and teamwork, only one cadet from Company Echo left the school at quarter's end and that was to do specialized study elsewhere. It is a pride to know that wherever an Echo cadet may be seen he will uphold the standards of a gentleman, his unit, and his school.

It is the desire of the Commanding Officer that the men from rank to rank in "E" Company will all, some bright June day, receive their Bachelor's degrees from this great institution and reserve or Regular Army Commissions in the United States of America.

Although Foxtrot is not noted for its wild Christmas parties, or the ability to march and blow at the same time, we maintain that we are the outstanding unit on campus in the field of celebrities. Among the most noted are: Johnny "the Greek" Potter, George "Frenchy" O'Kelley, Bruce "Hormone" Williams, Terry "Casanova" Baggett, and Billy "The Colonel-Slayer" Burnette.

More seriously, however, Company Foxtrot wishes to say that we leave this year with the feeling of accomplishment and with a clear memory of the spirit of Foxtrot and the wholesome fellowship that has been shared throughout the year. It has been a year of trying experiences, but the happy ones have far surmounted the unhappy ones. We, the men of Company Foxtrot, deem it a privilege and a pleasure to have been a part of such a fine organization.

Summer Camp 1959

North Georgia College cadets won fourth place over thirty-five other institutions represented at Fort Benning last summer when comparative ratings of all factors were computed. They won first place in leadership ratings made by fellow cadets and Regular Army Cadre, and first in job performance and marksmanship.

A comprehensive schedule of field training was followed, and the many campus hours of classroom theory were applied during actual field exercises.

There were also many lasting friendships made at Summer Camp which will probably be renewed in the years to come.

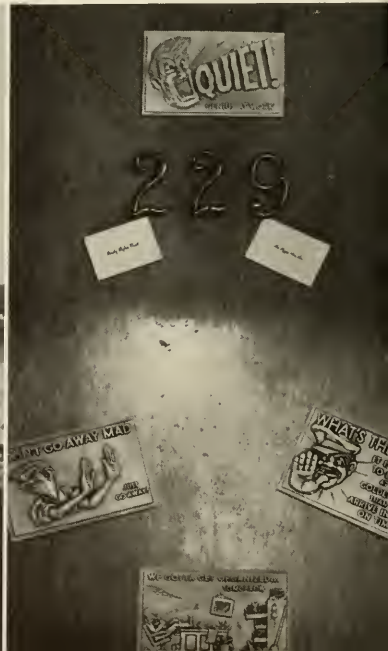

Reece accepts the Honor Company award for Company "F" at formal ceremonies marking the close of Fort Benning's Reserve Officer's Training Corps Summer Camp.

INE PRINTING SINCE 1887—

That's the story of Foote & Davies, Inc.

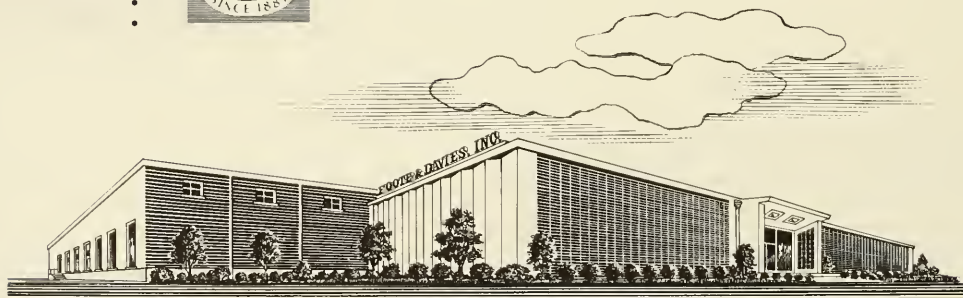

Today we have one of the most modern and best equipped plants in the country. And fine Yearbooks have always been an important part of our business. Our craftsmen believe in quality and strive to produce the "best in the Industry." Our excellent printing doesn't just happen—it's a combination of production research, craftsmanship, and painstaking supervision.
